

Beach Party Camp

From Barb Booth - Calgary Area

We had a beach party camp theme in May (and here in Alberta, that included snow!)

- we made sarongs for the girls to wear over their bathing suits;
- we made leis with construction paper flowers and straws;
- we made sand castles with salt dough;
- our campfire was a sand beach party;
- we played beach volleyball;
- we had hula hoop contests and limbo contests,
- but the favourite activity was decorating an inexpensive picture frame with shells and putting a picture in it of themselves taken at the beach party (thank goodness for 1 hour photo- or a instant camera would work too)
